Bulletin articles are due by 10:00 a.m. on Friday. Submitted bulletin content is subject for approval.

We are reminded in today's Gospel that Jesus is the vine and we are the branches. To bear fruit on the branch we have to be connected to the vine and keep those inner veins flowing with the nutrients that help to bring forth new life and produce. We see that in our gardens now (or hopefully soon) as we see new buds on our branches of trees and shrubs and plants. Soon it will be clear to us the branches we need to prune because we don't see any new shoots after the winter!

Our spiritual life is no different that what we see outside. If we want to produce fruit in our life, if we want to keep seeing new life, we need to stay connected to the vine, the vine of Jesus. In our faith, and at the core of our beliefs, we have the sacraments, especially the celebration of the Eucharist (Mass), to keep us connected to Jesus. In the Mass we are nourished by the Word that is proclaimed and certainly in our communion with the Body and Blood of Jesus Christ. It is pretty simple! If we are not connected we begin to wither away.

We have a few opportunities to stay connected to Jesus in the Eucharist once Mass is concluded. It is commonly called "adoration" or "exposition" or "holy hour." In each of these understandings we simply spend time with Jesus in the Blessed Sacrament, the Eucharist we reserve after each Mass. (The reason we reserve the Blessed Sacrament is to bring Jesus to the sick

and homebound, the dying and for adoration.) Our time can be absolutely quiet or it can be a combination of words, music and silence.

This Friday, May 4, is the last of three nights we are "hosting" Awaken Ministries" at 7:30 pm. This is a special time with an enhanced environmental lighting, praise and worship music with lively "band," focused preaching for the evening and a spirit filled time to truly encounter the Lord Jesus in Adoration of the Blessed Sacrament and Benediction. Please come and allow the Lord to encounter you in a special way!

Each Wednesday we have quiet adoration time with the exposed Blessed Sacrament (in the chapel that is in the parish office) from 11 am until 2 pm.

The first Monday of the month, in church, we have a "holy hour" at 7:30 pm. This time is a combination of more traditional

music, a brief reading and reflection and some quiet time that concludes with Benediction (a blessing with the Blessed Sacrament).

Please consider these opportunities this week. Yes it is additional time outside of Sunday Mass, but time that is so important to help us stay connected to the vine that supplies all that we need to produce so much good in our life!

** Congratulations to our young ones who are making their First Holy Communion today. Please offer this prayer for them:

Lord Jesus Christ, in the Sacrament of the Eucharist you left us the outstanding manifestation of your limitless love for us. Thank you for giving your children the opportunity to experience this love in receiving the Sacrament for the first time. May your Eucharist keep them ever free from sin, fortified in faith, pervaded by love of God and neighbor, and fruitful in virtue, that they may continue to receive You

throughout life and attain final union with You at death. With Mary, may they always become to live Your love. Amen.

** Tuesday begins the month of May, the month of our Blessed Mother. As a parish dedicated to our Blessed Mother, let's give her special attention in our homes. A simple way is for the family to pray a rosary or to specifically pray to her, maybe especially at grace before meals. Next weekend we have a little "May crowning" at all weekend Masses.

** Our auction was a few months ago and it was a great night for all participants. And obviously for the parish! The generosity of parishioners, school families, neighborhood establishments, and so many "friends of Star" is tremendous. We are very happy to report that our fabulous auction netted \$138,000! (We are still waiting to receive the outstanding \$800 from people who still have balances.) This is terrific news. This exceeds our budget amount by about \$45,000 and can accomplish a good deal, especially in our school. Many thanks to Daniele Brousseau and her dedicated committee for their outstanding efforts!!

May our Blessed Mother, Our Lady Star of the Sea, keep us safe and bring us closer to Jesus and each other.

Knights of Columbus – Fraternity & Parish Commitment

Fellow Parishioners,

I thought to share this experience with you as it was both emotionally moving as well as a depiction of the shared fraternity within the K of C as well as the Parishes with who whom we affiliate. The K of C members enroll in membership through secret degree ceremonies conducted within Districts or Regions where the Council is located. The degrees range from 1st Degree or entry through 4th Degree which includes certain ceremonial participation such as memorial and funeral services.

I had just recently received a note from the grandson of a 4th Degree Knight from OLSOS Council who had passed away in 2015. At the grandfather's rosary funeral service, other 4th Degree Knights wore their ceremonial uniforms and brought a chalice for viewing by the family engraved with the deceased's name. Normally, this would then be transported to a Priest in service as a missionary. However, in view of the fact that the grandson would soon complete his duties on the way to Priesthood, the chalice was donated to the grandson. The note I received was a thank you with prayers to the OLSOS K of C Council and Parish with a wish for return prayers for his May 19th Ordination to be performed at the Basilica of the National Shrine of the Immaculate Conception in Washington D.C..

Please do extend your prayers for the soon to be Father Mannes Matous of the Dominican Friars of the Providence of St. Joseph, especially on Ordination Day, May 19, 2018 at 9:30 AM.

UNLEASH THE GOSPEL

go and make disciples

The saints are great examples for our 21st century efforts to Unleash the Gospel.

St. Phillip Neri was an evangelist of the 16th century who is known as the "Apostle of Rome".

He became a priest at nearly thirty-five years of age and went on to be a most influential voice in Church reform going on at that time. He even founded a congregation of priests and lay persons.

However, this article will focus on the evangelization he did as a lay person prior to his priesthood.

Phillip was born in Florence and was one of four children who thought he would become a businessman. In his late teens, he went to another city to work and during that time had a religious experience that told him he needed to go to Rome and serve the Church.

He studied theology and philosophy for a while but decided that he could best serve the people of Rome as a lay person.

It was a time, like today, when Catholics had become lax in their faith. Re-evangelization was needed. At the same time, the Church had problems from within and was being challenged from the outside.

Phillip's approach to life and to his work proved to be a huge ingredient to his success.

From early childhood, Phillip was known for his

joyfulness. This led to him having an engaging personality that enabled him to easily build relationships with people.

His joy in God and in his faith overflowed as he shared the Good News.

So, he eagerly talked with people about their faith and drew people to him for dialogue, both one-on-one and in lay discussion groups that he formed.

At a time when reception of the Eucharist was not often done, he encouraged the people to receive.

"Be joyful!"

In addition to faith-related dialogue, Phillip engaged lay people in serving the sick, the poor, and the pilgrims.

Phillip strived for holiness and humility by having a strong prayer-life. His living conditions were extremely sparse and he ate little. He knew that the combination of prayer and self-denial were important to a Christian life.

The quality he is especially remembered for is his joyful nature. This guided not just the period described above, but his whole life.

St. Phillip Neri truly showed that he and all Catholics are Easter People! Be joyful!

One in the Spirit,
Jean Wersching

Lenten Alms Giving Tree

Our Lady Star of the Sea Parishioners

On behalf of the Knights of Columbus OLSOS Council, thank you for your overwhelmingly generous support of the Christian Refugee Relief Fund through the Lenten Alms Tree. The goal of the K of C since the 2014 onset of the persecution of Christians in Iraq and the Middle East has been to offer greatly needed prayers, financial support, and increased awareness of their suffering. This most recent national initiative's goal is to donate \$2 million to relocate displaced Iraqi Christians from the predominantly Christian town of Karamies in the ancient Nineveh Plain and to begin restructuring.

The magnitude of this year's goal equals that of regional government donations and brings the K of C fundraising support since 2014 to \$19 million. The execution of the resettling and rebuilding will be accomplished through partnership with the Archdiocese of Erbil, local to Karamies and the largest population of Christian refugees in Iraq. OLSOS Parish should be proud of its contribution to this humanitarian effort which will provide at least one family a full migration back to its original home region as well as reconstruction efforts.

Please keep the Christian refugees and all others persecuted in the area in your thoughts and prayers.

Teacher Feature

The 7th and 8th grade science students at Star are hard at work this quarter. We are exploring many topics within the theme of STREAM (science, technology, religion, engineering, art, and mathematics)

I am very proud of the work and effort my students have put forth this year.

Currently we are investigating Genetics in the 8th grade and Weather/Climate in the 7th grade. Thus far this quarter, 7th grade students have investigated the concepts of density, pressure, humidity, energy, and the atmosphere. They were able to put their engineering skills to the test as they built a solar car and made modifications on it to improve its' speed. On the other hand, the 8th grade students have solved punnett square problems and completed activities which explored the concepts of heredity, mutations, and different forms of biotechnologies. In fact, the 8th grade was able to use a gel electrophoresis machine, a form of biotech that is commonly used in both upper level science classes and in scientific labs, to identify different dyes. We plan on using the gel electrophoresis machine at least one more time this quarter. This technology as well as many of our science supplies would not be available if it weren't for your generous support of our students through the school's annual auction. Thank you!!!

I am truly blessed to be a part of the Star faith/school community and to work with budding scientists and leaders of the future.

Thank you for your continued support of Star's STREAM program. Mrs. Trudel

News in our Community

Black Catholic Ministry

"We are Unleashed! Living Acts 29," the 2018 Black Catholic Women's Conference, will be held at Sacred Heart Major Seminary on Saturday, May 5.

The Black Catholic Women's Conference provides an opportunity for women of faith to come together and support one another through workshops, worship, and prayer experiences that use the gifts and the lens of the African American woman. The 2018 event will feature speakers Dr. C. Vanessa White, MTS, DMin, and Mary Martin.

Your CSA gifts allow our Archdiocese to minister to African American Catholics and predominantly African American parishes through the archdiocesan Office for Black Catholic Ministry. The office's mission is to highlight, enhance, and celebrate the contributions of those in the black Catholic community as they share their gifts with the Church and society.

For more information about CSA-funded ministries, programs, and services, please go to www.aod.org.
